**Auckland Council**

Te Kaitiaki o Tāmaki Makaurau

**STATEMENT OF PASSING OVER INFORMATION:**

This information has been supplied to us by a third party. Accordingly the Vendor and Austar Realty Limited are merely passing over this information as supplied to us by others. While we have passed on this information supplied by a third party, we have not checked, audited, or reviewed the records or documents and therefore to the maximum extent permitted by law neither the Vendor nor Austar Realty Limited or any of its salespersons or employees accept any responsibility for the accuracy of the materials. Intending purchasers are advised to conduct their own investigation.

Dear Patricia Collins,

Re: **Objection to Valuation Reference 34160/19800**

**Property Address 184 ATKINSON RD**

A valuer acting on behalf of Auckland Council has reviewed the objection for the property above and considered the values as at the date of the valuation (1 July 2017)

**A decision has been made to adjust the valuation as shown below:**

<b>Capital Value</b>	<b>\$735,000</b>
Land Value	\$510,000
Value of Improvements	\$225,000

**Effective Date of Valuation** 1 July 2017

**The capital value above will be used for rating purposes from 1 July 2018**

If you do not agree with this decision, you can have your objection heard by the Land Valuation Tribunal. You need to complete the 'Objection to Valuation' form, which can be found at <http://www.justice.govt.nz/tribunals/land-valuation-tribunal>.

You must file your objection with the Land Valuation tribunal and notify the Auckland Council on or before 14 October 2018.

To lodge an objection with the Tribunal, applicants will need to pay a filing fee. If the objection proceeds to a hearing, a hearing fee is also payable. The District Court will advise Tribunal requirements once the objection is filed.

Under the Rating Valuations Act 1998, if an objection is not referred to the Tribunal within the 20 working day period, then you are treated as having agreed to the above values. Alternatively, you can advise us in writing of your acceptance before this date.

Yours sincerely

Emad Asgari  
Master Data and Valuations Manager

# ELECTRICAL CERTIFICATE OF COMPLIANCE AND ELECTRICAL SAFETY CERTIFICATE

Reference/Certificate ID No: #1133

This form has been designed to be used by licensed electrical workers to certify that installations or Part installations under Part 1 or Part 2 of AS/NZS 3000 are safe to be connected to the specified system of electrical supply.

Location Details: 184 Atkinson Road, Titirangi, Auckland.

Contact Details: (Name and address) Patricia Collins, address as above.

Name of Electrical worker: Annah Augustowicz Registration/Practising licence number: E243024

Organisation/company: Apex Electrical Limited

Phone and email: (09) 813 5685, annah@apexelectrical.co.nz

Name of person(s) supervised: Nil

### CoC

Type of work:  Additions  Alterations  New work

The prescribed electrical work is:  Low risk  General  High risk (Specify):

Reference Standards:  Part 1 of AS/NZS 3000  Part 2 of AS/NZS 3000

Additional Standards:

Description of Work: (including date/s of work and type of supply system)  
\*\*Downstairs Sleep-out\*\*  
Replaced small section of 1.0mm TC&E TPS Cable (approx 3 metres) from bathroom batten holder to junction box. 26/06/2015, 230V, single phase,

I certify that the completed prescribed electrical work to which this Certificate of Compliance applies has been done lawfully and safely, and the information in the certificate is correct in that the installation, or part of the installation:

- Select those that apply:
- Has been installed in accordance with the specified certified design<sup>1</sup>
  - Has an earthing system that is correctly rated (where applicable)
  - Contains fittings that are safe to connect to a power supply
  - Relies on a supplier Declaration of Conformity<sup>1</sup>
  - Relies on a manufacturer's instructions<sup>1</sup>
  - Has been satisfactorily tested in accordance with the Electricity (Safety) Regulations 2010
  - Is safe to connect
- Electronic/Other reference: Available On Request

Test Results	
Polarity (Independent earth):	Pass
Insulation resistance:	Pass
Earth Continuity:	Pass
Bonding:	Pass
Fault Loop impedance	Pass
Other (specify):	

Certifier's signature: *A. Augustowicz* Date: 26/06/2015

<sup>1</sup> Attach or reference. If it is impractical to attach a copy of a particular manufacturer's instructions, or of any certified design or supplier declaration of conformity, provide a reference to where the documents can be found, in a readily accessible format, by electronic means.

### ESC

I certify that the installation, or part of the installation, to which this Electrical Safety Certificate applies is connected to a power supply and is safe to use.

Certifier's name: Annah Augustowicz Registration/Practising licence number: E243024

Certifier's signature: *A. Augustowicz* Certificate Issue Date: 26/06/2015 Connection Date: 26/06/2015

CUSTOMER COPY - THIS IS AN IMPORTANT DOCUMENT AND SHOULD BE RETAINED FOR A MINIMUM OF 7 YEARS  
This certificate also confirms that the electrical work complies with the building code for the purposes of Section 19(1)(e) of the Building Act 2004.

## PRODUCT CLEANING AND CARE

*NZ.*

### Roof Dome

The dome on the Solatube Daylighting System is designed to be self cleaning. However, if installed in an area with high debris build-up, the dome may need to be cleaned from time to time. To ensure that irreparable damage to the dome does not occur, the dome can be cleaned using a soft cloth with water and a non-abrasive mild soap or detergent followed by a thorough water rinse.

### Tubing

To clean the tubing, simply wipe with a soft cloth. Do not use any cleaning solution or abrasive material.

### Diffuser

Brighten Up Series diffuser (Solatube 290DS and 160DS Daylighting System) after February 2011.

This diffuser has six lugs and can be removed by turning anti-clockwise. The secondary lens can be removed by pulling gently on the protruding plastic tab. This will also allow access to the light fitting.

### Ventilation Add On Kit

Clean the vent with a damp cloth.

### Light Add On Kit

To replace the light bulb in a Solatube Daylighting System light fixture, follow the above instructions on how to remove the diffuser and replace the light bulb. Do not exceed 75 watts.

## WARNINGS

### Reroofing

Solatube ® products require special care if removed for reroofing. In order to ensure proper removal and reinstallation, please call your Solatube Certified Installation Consultant or HomeTech Ltd.

For any further detail on the above, please contact HomeTech Ltd on 0800 765 288 (0800 SOLATUBE) or visit our website at [www.solatube.co.nz](http://www.solatube.co.nz).

# WARRANTY

This product is guaranteed for 12 months from the date of purchase providing the appliance is used solely for domestic purposes. For commercial use the product is guaranteed for 90 days from the date of purchase

The guarantee is valid against mechanical or electrical defects providing the product is used in accordance with the instructions and provided it is not connected to an unsuitable electricity supply or dismantled, interfered with or damaged in any way.

**IMPORTANT: PLEASE RETAIN THIS WARRANTY**

Under this guarantee any parts found to be defective will be repaired or replaced free of charge. To obtain service under guarantee, purchase receipt or guarantee - date stamped by the retailer - are required for validity of guarantee. This guarantee in no way affects your rights under statutory law.
