

STATEMENT OF PASSING OVER INFORMATION:

This information has been supplied to us by a third party. Accordingly, the Vendor and Austar Realty Limited are merely passing over this information as supplied to us by others. While we have passed on this information supplied by a third party, we have not checked, audited, or reviewed the records or documents and therefore to the maximum extent permitted by law neither the Vendor nor Austar Realty Limited or any of its' salespersons or employees accept any responsibility for the accuracy of the materials. Intending purchasers are advised to conduct their own investigation.

Austar Realty Ltd
PO Box 151098
New Lynn
AUCKLAND 0640

Applicant	Austar Realty Ltd
LIM address	26 Landing Road Titirangi
Application number	8270277487
Customer Reference	
Date issued	15-Dec-2020
Legal Description	LOT 100 DP 166264, LOT 2 DP 166264
Certificates of title	NA100D/638

Disclaimer

This Land Information Memorandum (LIM) has been prepared for the applicant for the purpose of section 44A of the Local Government Official Information and Meetings Act 1987.

The LIM includes information which:

- Must be included pursuant to section 44A of the Local Government Official Information and Meetings Act 1987
- Council at its discretion considers should be included because it relates to land
- Is considered to be relevant and reliable

This LIM does not include other information:

- Held by council that is not required to be included
- Relating to the land which is unknown to the council
- Held by other organisations which also hold land information

Council has not carried out an inspection of the land and/or buildings for the purpose of preparing this LIM. Council records may not show illegal or unauthorised building or works on the land.

The applicant is solely responsible for ensuring that the land or any building on the land is suitable for a particular purpose and for sourcing other information held by the council or other bodies. In addition, the applicant should check the Certificate of Title as it might also contain obligations relating to the land.

The text and attachments of this document should be considered together.

This Land Information Memorandum is valid as at the date of issue only.

s44A(2)(a) Information identifying any special feature or characteristics of the land

This information should not be regarded as a full analysis of the site features of this land, as there may be features that the Council is unaware of. The applicant is solely responsible for ensuring that the land is suitable for a particular purpose including development.

Site Contamination

No land contamination data are available in Council's regulatory records.

Wind Zones

Wind Zone(s) for this property: Low wind speed of 32 m/s

The wind zones are based on wind speed data specific to all building sites as outlined in NZS 3604:2011. Other factors such as topographic classes, site exposure and ground roughness determine the actual wind bracing demands and bracing elements required for the building.

For further information refer to NZS 3604:2011 Section 5 — Bracing Design

Soil Issues

Soil issues recorded. The land may not be suitable for particular development or land use purposes. A soil report may be required to/must be submitted with any building and/or resource consent application.

Effective Date	Description	Details
30/06/2000	Stability Sensitive	Please note this property was previously shown under the Transitional District Plan as being located in a Stability sensitive area.

If any soil information/reports have been prepared in relation to this property, they will be available for viewing at an Auckland Council Service Centre.

Coastal Inundation

The site is potentially at risk of coastal inundation from extreme storm surge events and climate-change related sea-level rise.

Predicted coastal inundation is modelled on three scenarios:

- 1% AEP coastal-storm surge inundation (to demonstrate present day risk in alignment with the Auckland Unitary Plan activity controls)
- 1% AEP coastal-storm surge inundation plus 1m sea level rise (in alignment with Auckland Unitary Plan activity controls)
- 1% AEP coastal-storm surge inundation plus 2m sea level rise (to demonstrate longer term risk with ongoing sea-level rise).

The Coastal Inundation shown in the Auckland Unitary Plan – Operative in Part “Controls” map corresponds to the 1% AEP plus 1m sea-level rise Coastal Inundation scenario calculated at the time the Unitary Plan was established. The Coastal Inundation data shown in the “Special Land Features – Natural Hazards - Coastal Inundation” map is also shown on the Auckland Council Online map viewer (Geomaps) and is subject to updates to reflect our latest, best available understanding of coastal inundation and sea-level rise processes.

Storm surge is the rise in sea-level due to meteorological effects. The 1% AEP coastal-storm inundation is at a level that has a 1% chance of being equalled or exceeded per year.

Sea-level rise values are based on the projections by the Intergovernmental Panel on Climate Change fifth assessment report (2015). One meter sea-level rise is representative of the upper bound scenario to 2115. Two meter sea-level rise is representative of potential, longer term sea-level rise (2120 to approximately 2200).

Any proposed development on this site may be subject to Auckland Unitary Plan activity controls or require a detailed coastal hazard assessment report to be completed by a qualified expert.

Flooding

This statement entitled "Flooding" appears on all LIMs.

Known flooding information is displayed on the map attached to this LIM entitled "Special Land Features – Natural Hazards - Flooding".

The information shown in the "Special Land Features - Natural Hazards - Flooding" map is also shown on the Auckland Council online map viewer (Geomaps), at www.aucklandcouncil.govt.nz, which is updated from time to time.

Any proposed development may require a flooding assessment to be provided by the applicant.

The absence of flooding on the "Special Land Features - Natural Hazards - Flooding" map does not exclude the possibility of the site flooding, particularly from Overland Flow Paths which may be on other properties.

Flood Plain

This site (property parcel) spatially intersects with a Flood Plain, as displayed on the map attached to this LIM entitled "Special Land Features - Natural Hazards - Flooding", and may flood during significant rainfall events.

Flood Plains represent the predicted area of land inundated by runoff from a 1% Annual Exceedance Probability (AEP) magnitude event, often referred to as a '1 in 100-year event'.

Flood Plains are generally determined by computer based hydrological and hydraulic modelling.

The Auckland Unitary Plan contains policies and rules relating to development and/or works within or adjacent to Flood Plains.

Note: The terms "Flood Plain" and "Floodplain" are used interchangeably.

Exposure Zones

New Zealand Standard 3604:2011 classifies all properties in New Zealand into zones based on environmental features including wind, earthquake, snow load and exposure. These zones are relevant to building requirements, such as strength of buildings, materials that should be used and maintenance. All building sites are classified as being in Exposure Zones Extreme Sea Spray, B, C, or D, depending on the severity of exposure to wind driven salt.

This property is classified as: Zone D

High — Coastal areas with high risk of wind-blown sea-spray salt deposits. This is defined as within 500m of the sea including harbours, or 100m from tidal estuaries and sheltered inlets. The coastal area also includes

all offshore islands including Waiheke Island, Great Barrier Island. Within each of the zones there are different environmental locations that require fittings and fixtures appropriate to its designation as outlined Tables 4.1 to 4.3 in NZS 3604:2011 being either "closed", "sheltered" or "exposed". For further information refer to NZS 3604:2011 Section 4 — Durability.

s44A(2)(b) Information on private and public stormwater and sewerage drains

Information on private and public stormwater and sewerage drains is shown on the **underground services map** attached.

Note: Private drainage is the responsibility of the land owner up to and including the point of connection to the public sewer or drain.

Effective Date	Description	Details
07/04/2009	Manhole on site	Council's as-built records indicate there is a manhole(s), for wastewater or stormwater services, located on your property. It is the property owners' responsibility to ensure that these manholes are accessible by maintenance staff at all times, and that each manhole lid is level with the adjacent ground. If you are unable to locate the manhole(s) or a lid level needs raising or lowering, please contact EcoWater - Council's Drainage Department who can arrange for the necessary work to be carried out. The property owner may be liable for the cost of this work.

s44(2)(ba) Information notified to Council by a drinking water supplier under Section 69ZH of the Health Act 1956

Prospective purchasers should be aware of other drinking water systems connected to this property. There may also be private drinking water supply systems such as rainwater tanks or private water bores. You are advised to clarify the drinking water supply with the current landowner.

No Information has been notified to Council.

s44A(2)(bb) Information Council holds regarding drinking water supply to the land

For metered water information, please contact **Watercare (09) 442 2222** for services provided to this property.

s44A(2)(c) Information relating to any rates owing in relation to the land

Billing Number/ Rate Account:	12341816045
Rates levied for the Year 2020/2021 :	\$3,670.70
Total rates to clear for the current year (including any arrears and postponed rates):	\$1,835.34

The rates figures are provided as at 8 a.m. 15/12/2020. It is strongly advised these are not used for

settlement purposes.

Retrofit Your Home Programme

The Retrofit Your Home programme provides financial assistance, advice and information to householders wanting to create an improved home environment.

The scheme contributes to the achievement of the Air Quality National Environmental Standards encouraging the installation of clean heat and insulation in homes as well as supporting access to central government grants and subsidies. The programme offers homeowners a retrofit plan for their homes and financial assistance up to \$5000 repaid through a targeted rate.

 Auckland Council (09) 890 7898 if you require further information

 retrofit@aucklandcouncil.govt.nz

s44A(2)(d) Consents, Certificates, Notices, Orders or Requisitions affecting the land or any buildings on the land(da) the information required to be provided to a territorial authority under section 362T(2) of the Building Act 2004:s44A and (2)(e) Information concerning any Certificate issued by a Building Certifier pursuant to the Building Act 1991 or the Building Act 2004

Note: if the land is part of a cross lease title or unit title, consents and permits for the other flats or units may be included in this LIM. If the land has been subdivided there may be consents and permits included that relate to the original property.

It is recommended that the full property file is viewed and compared with the actual building and activities on the land to identify any illegal or unauthorised building works or activities.

Financial / development contributions

Financial and development contributions are relevant for recently subdivided land, vacant lots, new residential unit(s) or where there is further development of a site. If any financial or development contribution has not been paid, Council can recover outstanding amount(s) from a subsequent owner of the land.

Please note that financial contributions and development contributions may be paid in land, cash or a combination of these. The form of payment of contributions may be subject to negotiation but final discretion remains with the Council.

Resource Management

Planning

26 Landing Road Titirangi

Application No.	Description	Decision	Decision Date
LUC-1997-272	Land Use Consent New dwelling, excavation exceeding 30m ³ , and building coverage exceeded.	Granted	07/10/1997
LUC-2000-1632	Land Use Consent Stability sensitive; excavations exceeding max cut 1.2m	Granted	23/08/2000

Subdivisions

There are **NO** Subdivision resource consents recorded.

Engineering Approvals

There are **NO** Engineering approvals recorded.

If there are any conditions, then only that portion of the consent will be included in the attachments section. The applicant should satisfy themselves as to whether all conditions of resource consents for this property have been met.

Further Information

The Council may hold additional information for this property, for example concerning resource consents for discharges to air, land or water issued by the former Auckland Regional Council prior to 1 November 2010. If you would like Auckland Council to search for this type of information, please contact us.

Building

26 Landing Road Titirangi

Application No.	Description	Issue Date	Status
COM-1997-5899	New dwelling	15/12/1997	CCC Issued 30/05/2007 (See Note 2)
COM-2000-2809	Swimming pool	05/09/2000	CCC Issued 09/02/2001 (See Note 2)

Note	Description
2	Code Compliance Certificate (CCC) for this consent was issued.

Please note that prior to the Building Act 1991; Councils were not required to maintain full records of building consents [etc] issued under the Building Act. While Auckland Council has always endeavoured to maintain full records of pre-Building Act 1991 matters, not all records for this period have survived and in other cases where building work is documented, information may be incomplete. Council does not accept responsibility for any omission.

It is recommended that the Council property file is viewed and compared with the actual building and activities on site to identify any illegal or unauthorised building works or activities.

Compliance Schedules (Building Warrant of Fitness)

The Council has no record of a Compliance Schedule for this property/building.

If it is evident that any specified systems such as lifts or commercial fire alarms are present in the building, the owner must ensure there is a current compliance schedule or building warrant of fitness.

Swimming/Spa Pool Barriers

26 Landing Road Titirangi

Pool Type	Reference	Last inspection date	Status
Permanent Outdoors Swimming Pool	SWIM-2000-11193	22/01/2020	Compliant

It is the owner's, occupier's, operator's, purchaser's and/or lessee's (whichever is relevant under 162C(4) of the Building Act 2004) responsibility to ensure that any residential pool barrier complies with the requirements of the Building Act 2004 at all times when the pool is filled or partly filled with water.

Pool barrier information is available for viewing at <http://www.aucklandcouncil.govt.nz>

Licences

There are NO current licences recorded

s44A(2)(ea) Information notified under Section 124 of the Weathertight Homes Resolution Services Act 2006

The Council has not been notified of any information under Section 124 of the Weathertight Homes Resolution Services Act 2006 relating to this property.

s44A (2)(f) Information relating to the use to which the land may be put and any conditions attached to that use

Purchasers or those intending to develop the land should satisfy themselves that the land is suitable for any intended use or future development proposal. In addition to any site specific limitations recorded below, general restrictions that apply across the region may be relevant to any development proposals on this property.

Auckland Unitary Plan - Operative in Part (AUP:OP)

The **Auckland Unitary Plan - Operative in part(AUP:OP)** applies to this property and should be carefully reviewed and considered, as it may have implications for how this property can be developed and/or used. Those parts of the Auckland Unitary Plan that are operative replace the corresponding parts of legacy regional and district plans. However, certain parts of the AUP:OP are the subject of appeals and have not become operative. If a property is subject to an appeal this will be identified on the attached Unitary Plan Property Summary Report. Where this is the case, both the Auckland Unitary Plan Decisions version and the legacy regional and district plans will need to be considered.

The AUP:OP zones, controls, overlays, precincts, and designations that apply to this property are set out in the Property Summary Report, which is attached to this memorandum.

The AUP:OP can be viewed here:

<https://www.aucklandcouncil.govt.nz/unitaryplan>

The legacy regional and district plans can be viewed here:

<https://www.aucklandcouncil.govt.nz/districtplans>

<https://www.aucklandcouncil.govt.nz/regionalplans>

The appeals to the AUP:OP can be viewed here:
<https://www.aucklandcouncil.govt.nz/unitaryplanappeals>

Auckland Council District Plan - Hauraki Gulf Islands Section (Operative 2013) (DP:HGI)

While the regional provisions in the AUP:OP apply to the Hauraki Gulf Islands, and are set out in the Property Summary Report attached to this memorandum, the AUP:OP does not contain any district provisions for the Hauraki Gulf Islands. If the Property Summary Report attached to this memorandum lists its zone as "Hauraki Gulf Islands", the district provisions that apply are in the Auckland Council District Plan Hauraki Gulf Islands Section (Operative 2013) (**DP:HGI**).

The relevant maps of the DP:HGI are attached to this memorandum, if applicable. The text of the DP:HGI can be found here:
<https://www.aucklandcouncil.govt.nz/aurakigulfislands>

Plan Changes and Notices of Requirement

Changes to the AUP:OP and DP:HGI may be proposed from time to time. These proposed plan changes may relate to either the maps or the text of those plans. Any proposed changes to the AUP:OP relevant to this property will be listed as a modification in the Property Summary Report attached to this memorandum. However, proposed changes to the DP:HGI will not appear on the Property Summary report. That information can be found on the Auckland Council website.

Please refer to the AUP:OP for information on any proposed Plan Changes or see the Auckland Council modifications website at:
<https://www.aucklandcouncil.govt.nz/unitaryplanmodifications>

Information relating to any proposed Plan Changes to DP:HGI can be found here:
<https://www.aucklandcouncil.govt.nz/aurakigulfislands>

From time to time a requiring authority, such as a Ministry of the Crown or a council controlled organisation, may notify Auckland Council that they require certain land to be designated for a certain purpose. If this property is the subject of such a notice of requirement, that notice may have implications for how this property can be developed or used from the date it is received by Council.

If this property is not on the Hauraki Gulf Islands, any notices of requirement applicable will be listed as a modification in the Property Summary Report attached to this memorandum.

If this property is on the Hauraki Gulf Islands, any notice of requirement will be available on the Auckland Council Website.

Information on all current notices of requirement can be found on the modifications page here:
<https://www.aucklandcouncil.govt.nz/unitaryplanmodifications>

Copies of the appeals to the Auckland Unitary Plan can be viewed online at:
<https://www.aucklandcouncil.govt.nz/unitaryplanappeals>

Restriction(s)

This property is affected by the following restriction(s):

Effective Date	Description	Details
----------------	-------------	---------

06/05/2002	Foundation design restrictions	Foundations of all buildings shall be founded a minimum of 700mm below cleared ground level.
------------	--------------------------------	--

Further information on these restrictions may be provided elsewhere in this document. Alternatively please contact a Resource Management Planner at an Auckland council service centre or by telephone for further information.

Auckland Unitary Plan

Please note that the Auckland Unitary Plan (Operative in part) applies to this property. The Unitary Plan should be carefully reviewed and considered, as it may have implications for how this property can be developed or used. Parts of the Unitary Plan that are relevant to this property relating to zones, overlays, controls, designations and other restrictions are identified in the Property Summary Report attached to this LIM.

The Unitary Plan can be accessed at Council service centres and libraries and can be found on the following internet page:

<http://www.aucklandcouncil.govt.nz/EN/planspoliciesprojects/plansstrategies/unitaryplan/Pages/home.aspx>

Information concerning Caveat, Bond, Encumbrance, Consent Notice and Covenant

For any information concerning Caveats, Bonds, Encumbrances, Consent Notices or Covenants, please refer to the Certificate of Title for this property.

s44A(2)(g) Information regarding the land which has been notified to Council by another statutory organisation

Waitākere Ranges Heritage Area

This property is located within the Waitākere Ranges Heritage Area as defined in the Waitākere Ranges Heritage Area Act 2008. A link to the Act and further information on the heritage area can be found on the council's website at:

<https://www.aucklandcouncil.govt.nz/arts-culture-heritage/heritage-walks-places/Pages/waitakere-ranges-heritage-area.aspx>

s44A(2)(h) Information regarding the land which has been notified to Council by any network utility operator pursuant to the Building Act 1991 or Building Act 2004

Underground Services and District Plan maps are attached.

Please note: Height restrictions apply where overhead power lines cross the site. Works near water services utilities may require approval. Works near high-pressure Gas, Oil or LPG pipelines create risk of damage and must first be approved. Please contact the relevant Utility provider in your area for further information.

Any escape of gas or liquid from the pipelines is potentially dangerous and requires immediate action as soon as discovered (Dial 111 and ask for the Fire Service).

Attachments

As the placement of the building/s on the attached maps is based on aerial photography we cannot guarantee the accuracy. A formal survey will indicate the exact location of the boundaries.

CITY OF WAITAKERE DISTRICT PLAN

DISCRETIONARY ACTIVITY RESOURCE CONSENT

Pursuant to Sections 94, 104, 105 and 108 of the Resource Management Act 1991, being satisfied that no body or person is adversely affected, consent is granted to the application by N & J Taylor Family Trust to erect a dwelling at 26 Landing Road, Laingholm being Lot 2 DP 166264 for the following reasons:

- (i) The written consent has been obtained from all persons considered to be potentially affected by the proposal pursuant to Section 94(2)(b) of the Resource Management Act 1991.
- (ii) The proposal has been considered in terms of the relevant assessment criteria, meets the relevant policies and objectives of the District Plan, and will not create any significant adverse effects on the environment. (Relevant assessment criteria are attached).

Conditions imposed on the consent are as follows:

- (1) Work shall be undertaken in general accordance with the plans and/or information submitted with the application (ref. Proposed Residential Development, Landing Road, Laingholm for the N&J Taylor Family Trust.)
- (2) The exterior colours of the dwelling are to have a reflectance value of less than 40%, and the roof is to be a non-reflective surface.

7.0 DECISION

Pursuant to Sections 94, 104, 105 and 108 of the Resource Management Act 1991, being satisfied that no body or person is adversely affected, **consent is granted** to the application by Nigel & Judith Taylor To construct a swimming pool. (as more accurately defined in Sections 3 and 4 of this report) at 26 Landing Road, Titirangi being Lot 2 DP 166264 for the following reasons:

- (i) No persons are considered to be potentially affected by the proposal.
- (ii) The proposal has been considered in terms of the relevant assessment criteria, meets the relevant policies and objectives of the District Plan, and would create no more than minor adverse effects on the environment.

Conditions imposed on the consent are as follows:

1. The development is to proceed in accordance with the plans and/or information submitted with the application, subject to any minor alterations as may be approved by the Manager Resource Consents.
2. All infrastructure relating to stormwater treatment and disposal, wastewater disposal, and water supply shall be accepted by Eco-Water. Compliance with the Waitakere City Council Code of Practice for City Infrastructure and Land Development is deemed to be in accordance with the above condition.
3. Before commencement of any works, adequate sediment and erosion control measures shall be constructed and maintained in accordance with Appendix 3, Erosion and Sediment Control Measures Appendix to the Natural Area Rules of the Waitakere City Council Proposed District Plan.
4. A consent compliance monitoring fee of \$80.00 (inclusive of G.S.T.) shall be paid to the Council. This fee is to recover the actual and reasonable costs incurred ensuring compliance with the conditions of this consent. If, on inspection all conditions have not been satisfactorily met, a reinspection shall be required at a further cost of \$80.00 (inclusive of G.S.T).

The \$80.00 fee shall be paid as part of the resource consent and the resource consent holder shall be advised of any further monitoring fees if they are required.

5. A geotechnical engineer's report shall be provided and be to the satisfaction of the Manager, Resource Consents prior to the issue of a building consent. All development shall then proceed in accordance with this report. A copy of the report shall be forwarded to the Resource Consents department.
6. Development shall proceed in accordance with the geotechnical report submitted with the application (reference ABA 20002809).

Advice Notes:

1. Foundations of all buildings shall be founded a minimum of 700mm below cleared ground level.

Planner: 
(David Makani)

Date: 23/8/2000

Please contact David Makani (Ph 836 8000 ext. 8353) if you have any queries about this resource consent and associated report.
