**Re: 11 Rimutaka Place, Titirangi**

Thank you for your interest in the above property currently listed with us for sale by AUCTION.

We have made available to you the following:

- Certificate of Title
- LIM
- Rates information from Auckland Council
- School Zones
- REA Code of Conduct
- REA Guide to Selling and Buying
- Conditions of sale

11 Rimutaka Place, Titirangi is 835m<sup>2</sup> more or less fee simple estate NA1043/23 Lot 11 Deposited Plan 37024. Zoning: Residential - Large Lot Zone

**THINGS WE WANT TO DRAW YOUR ATTENTION TO:**

**Land Information Memorandum (LIM)**

<b>Wind Zones</b> for this property	High wind speed of 44 m/s
<b>Soil issues</b> recorded.	30/06/2000 Stability Sensitive: Please note this property was previously shown under the Transitional District Plan as being located in a Stability sensitive area. <i>Stability sensitive - Titirangi and Laingholm is stability sensitive. This means that should you develop the property, you will require an engineer's report.</i>

<b>Overland Flow Path</b>	This site (property parcel) spatially intersects with one or more Overland Flow Paths as displayed on the map in the LIM.
<b>Planning</b>	LUC-2016-2110 Tree Consent Proposal for 2 power pole replacement within the dripline of protected vegetation – Granted 18/08/2016
<b>Building</b>	BPM-1958-7060 Carport 11/02/1958 Issued BPM-1963-1751 Shed 19/02/1963 Issued BPM-1964-5486 Carport 06/05/1964 Issued BPM-1965-10202 Shed 22/07/1965 Issued BPM-1967-16763 Fence 16/05/1967 Issued BPM-1984-25220 Addition to dwelling - Shade house 21/03/1984 Issued
<b>Waitakere Ranges Heritage Area</b>	This property is located within the Waitākere Ranges Heritage Area as defined in the Waitākere Ranges Heritage Area Act 2008.

**Settlement Date on Offer:** 2 weeks from unconditional

**Disclosures:**

- A quote obtained by the vendor for repiling is available on request.
- Resource Consent has been granted for the Huia Water Treatment Plan project - <https://www.watercare.co.nz/About-us/Projects-around-Auckland/Huia-water-treatment-plant-replacement-Manuka-Ro>

We recommend that when purchasing a property, you seek legal advice, complete due diligence including getting a building reports and arrange your finance.

**Disclaimer**

This Land Information Memorandum (LIM) has been prepared for the applicant for the purpose of section 44A of the Local Government Official Information and Meetings Act 1987.

The LIM includes information which:

- Must be included pursuant to section 44A of the Local Government Official Information and Meetings Act 1987
- Council at its discretion considers should be included because it relates to land
- Is considered to be relevant and reliable

This LIM does not include other information:

- Held by council that is not required to be included
- Relating to the land which is unknown to the council
- Held by other organisations which also hold land information

Council has not carried out an inspection of the land and/or buildings for the purpose of preparing this LIM. Council records may not show illegal or unauthorised building or works on the land.

The applicant is solely responsible for ensuring that the land or any building on the land is suitable for a particular purpose and for sourcing other information held by the council or other bodies. In addition, the applicant should check the Certificate of Title as it might also contain obligations relating to the land.

The text and attachments of this document should be considered together.

This Land Information Memorandum is valid as at the date of issue only.

## s44A(2)(a) Information identifying any special feature or characteristics of the land

This information should not be regarded as a full analysis of the site features of this land, as there may be features that the Council is unaware of. The applicant is solely responsible for ensuring that the land is suitable for a particular purpose including development.

### Site Contamination

No land contamination data are available in Council's regulatory records.

### Wind Zones

Wind Zone(s) for this property: High wind speed of 44 m/s

The wind zones are based on wind speed data specific to all building sites as outlined in NZS 3604:2011. Other factors such as topographic classes, site exposure and ground roughness determine the actual wind bracing demands and bracing elements required for the building.

For further information refer to NZS 3604:2011 Section 5 — Bracing Design

### Soil Issues

Soil issues recorded. The land may not be suitable for particular development or land use purposes. A soil report may be required to/must be submitted with any building and/or resource consent application.

Effective Date	Description	Details
30/06/2000	Stability Sensitive	Please note this property was previously shown under the Transitional District Plan as being located in a Stability sensitive area.

If any soil information/reports have been prepared in relation to this property, they will be available for viewing at an Auckland Council Service Centre.

### Flooding

This statement entitled "Flooding" appears on all LIMs.

Known flooding information is displayed on the map attached to this LIM entitled "Special Land Features – Natural Hazards - Flooding".

The information shown in the "Special Land Features - Natural Hazards - Flooding" map is also shown on the Auckland Council online map viewer (Geomaps), at [www.aucklandcouncil.govt.nz](http://www.aucklandcouncil.govt.nz), which is updated from time to time.

Any proposed development may require a flooding assessment to be provided by the applicant.

The absence of flooding on the "Special Land Features - Natural Hazards - Flooding" map does not exclude the possibility of the site flooding, particularly from Overland Flow Paths which may be on other properties.

### Overland Flow Path

This site (property parcel) spatially intersects with one or more Overland Flow Paths, as displayed on the map attached to this LIM entitled “Special Land Features – Natural Hazards - Flooding”.

Overland Flow Paths are lines representing the predicted route of overland flow, based on analysis of a Digital Terrain Model (derived from aerial laser survey). Overland Flow Paths do not show the width or extent of flow.

Overland Flow Paths are based solely on the terrain and are indicative only.

Overland Flow Paths may flood depending on the amount of rain.

The Auckland Unitary Plan contains policies and rules relating to development and/or works within or adjacent to Overland Flow Paths.

Note: The terms “Flow Path” and “Flowpath” are used interchangeably.

## **Exposure Zones**

New Zealand Standard 3604:2011E classifies all properties in New Zealand into zones based on environmental features including wind, earthquake, snow load and exposure. These zones are relevant to building requirements, such as strength of buildings, materials that should be used and maintenance. All building sites are classified as being in Exposure Zones Extreme Sea Spray, B, C, or D, depending on the severity of exposure to wind driven salt.

This property is classified as: Unknown or Unassessed Corrosion Zone

Unknown or unassessed - No known information is available relating to these sites. Recommended that specific sites and/or product designed and to consult suppliers information for specific durability requirements.

## **Coastal Erosion**

This explanation appears on all LIMs, not just sites that may be susceptible to coastal erosion.

The map entitled “Natural Hazards - Coastal Erosion” shows information on potential coastal erosion and resulting land instability, if any, in relation to this site.

Coastal erosion is the wearing away of land due to coastal processes such as waves and currents. Coastal instability is the movement of land (typically as a landslide) resulting from the loss of support caused by coastal erosion.

Where applicable, the map shows lines that indicate areas susceptible to coastal instability and erosion (ASCIE) within the next 100 years. The lines do not show the future position of the coast. Rather, they show the landward edge of the area that might become unstable as a result of coastal erosion. The area between this line and the sea is considered to be potentially susceptible to erosion, or instability caused by erosion.

The lines represent three timescales, and take into account projected sea level rise based on carbon emission scenarios known as representative concentration pathways (RCP):

- 2050 (0.28 m of sea level rise; RCP 8.5)
- 2080 (0.55 m of sea level rise; RCP 8.5)
- 2130 (1.18 m of sea level rise; RCP 8.5)
- 2130 (1.52 m of sea level rise; RCP 8.5+)

The RCP projections are from the Intergovernmental Panel on Climate Change fifth assessment report (2015), and the related sea level rise values align with Ministry for the Environment Coastal Hazards and Climate Change Guidance for Local Government (2017).

The lines are based on data from a regional study (“Predicting Auckland’s Exposure to Coastal Instability and Erosion”, available on the Council website). The lines may not take into account local variability, and are not intended for site-specific use.

Development on sites affected by potential coastal erosion may be subject to Auckland Unitary Plan activity controls and may require a detailed coastal hazard assessment report to be completed by a qualified expert.

**s44A(2)(b) Information on private and public stormwater and sewerage drains**

Information on private and public stormwater and sewerage drains is shown on the **underground services map** attached.

Note: Private drainage is the responsibility of the land owner up to and including the point of connection to the public sewer or drain.

**s44(2)(ba) Information notified to Council by a drinking water supplier under Section 69ZH of the Health Act 1956**

Prospective purchasers should be aware of other drinking water systems connected to this property. There may also be private drinking water supply systems such as rainwater tanks or private water bores. You are advised to clarify the drinking water supply with the current landowner.

No Information has been notified to Council.

**s44A(2)(bb) Information Council holds regarding drinking water supply to the land**

For metered water information, please contact **Watercare (09) 442 2222** for services provided to this property.

**s44A(2)(c) Information relating to any rates owing in relation to the land**

<b>Billing Number/ Rate Account:</b>	12341912316
<b>Rates levied for the Year 2021/2022 :</b>	\$1,930.44
<b>Total rates to clear for the current year (including any arrears and postponed rates):</b>	\$1,447.82

The rates figures are provided as at 8 a.m. 31/08/2021. It is strongly advised these are not used for settlement purposes.

---

**Retrofit Your Home Programme**

---

The Retrofit Your Home programme provides financial assistance, advice and information to householders wanting to create an improved home environment.

The scheme contributes to the achievement of the Air Quality National Environmental Standards encouraging the installation of clean heat and insulation in homes as well as supporting access to central government grants and subsidies. The programme offers homeowners a retrofit plan for their homes and financial assistance up to \$5000 repaid through a targeted rate.

 Auckland Council (09) 890 7898 if you require further information

 retrofit@aucklandcouncil.govt.nz

**s44A(2)(d) Consents, Certificates, Notices, Orders or Requisitions affecting the land or any buildings on the land(da) the information required to be provided to a territorial authority under section 362T(2) of the Building Act 2004:s44A and (2)(e) Information concerning any Certificate issued by a Building Certifier pursuant to the Building Act 1991 or the Building Act 2004**

Note: if the land is part of a cross lease title or unit title, consents and permits for the other flats or units may be included in this LIM. If the land has been subdivided there may be consents and permits included that relate to the original property.

It is recommended that the full property file is viewed and compared with the actual building and activities on the land to identify any illegal or unauthorised building works or activities.

### **Financial / development contributions**

Financial and development contributions are relevant for recently subdivided land, vacant lots, new residential unit(s) or where there is further development of a site. If any financial or development contribution has not been paid, Council can recover outstanding amount(s) from a subsequent owner of the land.

Please note that financial contributions and development contributions may be paid in land, cash or a combination of these. The form of payment of contributions may be subject to negotiation but final discretion remains with the Council.

### **Resource Management**

#### **Planning**

11 Rimutaka Place Titirangi

<b>Application No.</b>	<b>Description</b>	<b>Decision</b>	<b>Decision Date</b>
LUC-2016-2110	Tree Consent Proposal for 2 power pole replacement within the dripline of protected vegetation	Granted	18/08/2016

#### **Subdivisions**

There are **NO** Subdivision resource consents recorded.

#### **Engineering Approvals**

There are **NO** Engineering approvals recorded.

If there are any conditions, then only that portion of the consent will be included in the attachments section. The applicant should satisfy themselves as to whether all conditions of resource consents for this property have been met.

## Further Information

The Council may hold additional information for this property, for example concerning resource consents for discharges to air, land or water issued by the former Auckland Regional Council prior to 1 November 2010. If you would like Auckland Council to search for this type of information, please contact us.

## Building

11 Rimutaka Place Titirangi

Application No.	Description	Issue Date	Status
BPM-1958-7060	Carport	11/02/1958	Issued (See Note 1)
BPM-1963-1751	Shed	19/02/1963	Issued (See Note 1)
BPM-1964-5486	Carport	06/05/1964	Issued (See Note 1)
BPM-1965-10202	Shed	22/07/1965	Issued (See Note 1)
BPM-1967-16763	Fence	16/05/1967	Issued (See Note 1)
BPM-1984-25220	Addition to dwelling - Shade house	21/03/1984	Issued (See Note 1)

Note	Description
1	Permit issued prior to the Building Act 1991 taking effect. Code Compliance Certificates (CCC) were not required.

Please note that prior to the Building Act 1991; Councils were not required to maintain full records of building consents [etc] issued under the Building Act. While Auckland Council has always endeavoured to maintain full records of pre-Building Act 1991 matters, not all records for this period have survived and in other cases where building work is documented, information may be incomplete. Council does not accept responsibility for any omission.

It is recommended that the Council property file is viewed and compared with the actual building and activities on site to identify any illegal or unauthorised building works or activities.

## Compliance Schedules (Building Warrant of Fitness)

The Council has no record of a Compliance Schedule for this property/building.

If it is evident that any specified systems such as lifts or commercial fire alarms are present in the building, the owner must ensure there is a current compliance schedule or building warrant of fitness.

## Swimming/Spa Pool Barriers

---

The Council has no record of a swimming pool or spa pool being registered on this property. Swimming pools and spa pools must have a barrier that complies with the Building Act 2004.

Pool barrier information is available for viewing at <http://www.aucklandcouncil.govt.nz>

## Licences

---

There are NO current licences recorded

### s44A(2)(ea) Information notified under Section 124 of the Weathertight Homes Resolution Services Act 2006

The Council has not been notified of any information under Section 124 of the Weathertight Homes Resolution Services Act 2006 relating to this property.

### s44A (2)(f) Information relating to the use to which the land may be put and any conditions attached to that use

Purchasers or those intending to develop the land should satisfy themselves that the land is suitable for any intended use or future development proposal. In addition to any site specific limitations recorded below, general restrictions that apply across the region may be relevant to any development proposals on this property.

## Auckland Unitary Plan - Operative in Part (AUP:OP)

The **Auckland Unitary Plan - Operative in part(AUP:OP)** applies to this property and should be carefully reviewed and considered, as it may have implications for how this property can be developed and/or used. Those parts of the Auckland Unitary Plan that are operative replace the corresponding parts of legacy regional and district plans. However, certain parts of the AUP:OP are the subject of appeals and have not become operative. If a property is subject to an appeal this will be identified on the attached Unitary Plan Property Summary Report. Where this is the case, both the Auckland Unitary Plan Decisions version and the legacy regional and district plans will need to be considered.

The AUP:OP zones, controls, overlays, precincts, and designations that apply to this property are set out in the Property Summary Report, which is attached to this memorandum.

The AUP:OP can be viewed here:

<https://www.aucklandcouncil.govt.nz/unitaryplan>

The legacy regional and district plans can be viewed here:

<https://www.aucklandcouncil.govt.nz/districtplans>

<https://www.aucklandcouncil.govt.nz/regionalplans>

The appeals to the AUP:OP can be viewed here:

<https://www.aucklandcouncil.govt.nz/unitaryplanappeals>

## Auckland Council District Plan - Hauraki Gulf Islands Section (Operative 2013) (DP:HGI)

While the regional provisions in the AUP:OP apply to the Hauraki Gulf Islands, and are set out in the Property Summary Report attached to this memorandum, the AUP:OP does not contain any district

provisions for the Hauraki Gulf Islands. If the Property Summary Report attached to this memorandum lists its zone as “Hauraki Gulf Islands”, the district provisions that apply are in the Auckland Council District Plan Hauraki Gulf Islands Section (Operative 2013) (**DP:HGI**).

The relevant maps of the DP:HGI are attached to this memorandum, if applicable. The text of the DP:HGI can be found here:

<https://www.aucklandcouncil.govt.nz/aurakigulfislands>

### **Plan Changes and Notices of Requirement**

Changes to the AUP:OP and DP:HGI may be proposed from time to time. These proposed plan changes may relate to either the maps or the text of those plans. Any proposed changes to the AUP:OP relevant to this property will be listed as a modification in the Property Summary Report attached to this memorandum. However, proposed changes to the DP:HGI will not appear on the Property Summary report. That information can be found on the Auckland Council website.

Please refer to the AUP:OP for information on any proposed Plan Changes or see the Auckland Council modifications website at:

<https://www.aucklandcouncil.govt.nz/unitaryplanmodifications>

Information relating to any proposed Plan Changes to DP:HGI can be found here:

<https://www.aucklandcouncil.govt.nz/aurakigulfislands>

From time to time a requiring authority, such as a Ministry of the Crown or a council controlled organisation, may notify Auckland Council that they require certain land to be designated for a certain purpose. If this property is the subject of such a notice of requirement, that notice may have implications for how this property can be developed or used from the date it is received by Council.

If this property is not on the Hauraki Gulf Islands, any notices of requirement applicable will be listed as a modification in the Property Summary Report attached to this memorandum.

If this property is on the Hauraki Gulf Islands, any notice of requirement will be available on the Auckland Council Website.

Information on all current notices of requirement can be found on the modifications page here:

<https://www.aucklandcouncil.govt.nz/unitaryplanmodifications>

Copies of the appeals to the Auckland Unitary Plan can be viewed online at:

<https://www.aucklandcouncil.govt.nz/unitaryplanappeals>

### **Auckland Unitary Plan**

Please note that the Auckland Unitary Plan (Operative in part) applies to this property. The Unitary Plan should be carefully reviewed and considered, as it may have implications for how this property can be developed or used. Parts of the Unitary Plan that are relevant to this property relating to zones, overlays, controls, designations and other restrictions are identified in the Property Summary Report attached to this LIM.

The Unitary Plan can be accessed at Council service centres and libraries and can be found on the following internet page:

<http://www.aucklandcouncil.govt.nz/EN/planspoliciesprojects/plansstrategies/unitaryplan/Pages/home.aspx>

## Information concerning Caveat, Bond, Encumbrance, Consent Notice and Covenant

---

For any information concerning Caveats, Bonds, Encumbrances, Consent Notices or Covenants, please refer to the Certificate of Title for this property.

### s44A(2)(g) Information regarding the land which has been notified to Council by another statutory organisation

#### Waitākere Ranges Heritage Area

This property is located within the Waitākere Ranges Heritage Area as defined in the Waitākere Ranges Heritage Area Act 2008. A link to the Act and further information on the heritage area can be found on the council's website at:

<https://www.aucklandcouncil.govt.nz/arts-culture-heritage/heritage-walks-places/Pages/waitakere-ranges-heritage-area.aspx>

### s44A(2)(h) Information regarding the land which has been notified to Council by any network utility operator pursuant to the Building Act 1991 or Building Act 2004

Underground Services and District Plan maps are attached.

Please note: Height restrictions apply where overhead power lines cross the site. Works near water services utilities may require approval. Works near high-pressure Gas, Oil or LPG pipelines create risk of damage and must first be approved. Please contact the relevant Utility provider in your area for further information.

Any escape of gas or liquid from the pipelines is potentially dangerous and requires immediate action as soon as discovered (Dial 111 and ask for the Fire Service).

## Attachments

As the placement of the building/s on the attached maps is based on aerial photography we cannot guarantee the accuracy. A formal survey will indicate the exact location of the boundaries.

## NOTATIONS

### Appeals to the Proposed Plan

 Appeals seeking changes to zones or management layers

### Proposed Plan Modifications to Operative in part Plan

 Notice of Requirements

 Proposed Plan Changes

### Tagging of Provisions:

[ i ] = Information only

[ rp ] = Regional Plan

[ rcp ] = Regional Coastal Plan

[ rps ] = Regional Policy Statement

[ dp ] = District Plan (only noted when dual provisions apply)

## ZONING

### Residential

-  Residential - Large Lot Zone
-  Residential - Rural and Coastal Settlement Zone
-  Residential - Single House Zone
-  Residential - Mixed Housing Suburban Zone
-  Residential - Mixed Housing Urban Zone
-  Residential - Terrace Housing and Apartment Buildings Zone

### Business

-  Business - City Centre Zone
-  Business - Metropolitan Centre Zone
-  Business - Town Centre Zone
-  Business - Local Centre Zone
-  Business - Neighbourhood Centre Zone
-  Business - Mixed Use Zone
-  Business - General Business Zone
-  Business - Business Park Zone
-  Business - Heavy Industry Zone
-  Business - Light Industry Zone

### Open space

-  Open Space - Conservation Zone
-  Open Space - Informal Recreation Zone
-  Open Space - Sport and Active Recreation Zone
-  Open Space - Civic Spaces Zone
-  Open Space - Community Zone
-  Water [i]

### Rural

-  Rural - Rural Production Zone
-  Rural - Mixed Rural Zone
-  Rural - Rural Coastal Zone
-  Rural - Rural Conservation Zone
-  Rural - Countryside Living Zone
-  Rural - Waitakere Foothills Zone
-  Rural - Waitakere Ranges Zone

### Future Urban

-  Future Urban Zone
-  Green Infrastructure Corridor (Operative in some Special Housing Areas)

### Infrastructure

-  Special Purpose Zone - Airports & Airfields  
Cemetery  
Quarry  
Healthcare Facility & Hospital  
Tertiary Education  
Māori Purpose  
Major Recreation Facility  
School
-  Strategic Transport Corridor Zone

### Coastal

-  Coastal - General Coastal Marine Zone [rcp]
-  Coastal - Marina Zone [rcp/dp]
-  Coastal - Mooring Zone [rcp]
-  Coastal - Minor Port Zone [rcp/dp]
-  Coastal - Ferry Terminal Zone [rcp/dp]
-  Coastal - Defence Zone [rcp]
-  Coastal - Coastal Transition Zone

Precincts

--- Rural Urban Boundary

--- Indicative Coastline [i]

Legend updated: 22/07/2021

**DECISION ON RESOURCE CONSENT APPLICATION LUC 2016-2110** at 134 Woodlands Park Road and 11 Rimutaka Place (Road Reserve), Titirangi.

Consent Application **LUC 2016-2110** has been made by **Electrix Ltd** for a controlled activity consent to authorise removal, pruning and works within the dripline of areas of mixed street vegetation at 134 Woodlands Park Road and 11 Rimutaka Place (Road Reserve), Titirangi. This requires resource consent for the following reasons:

**Operative District Plan**

**General Natural Area  
Rule 2.2**

Any vegetation alteration not meeting the standards in Rule 2.1 undertaken or required by a network utility operator necessary for the maintenance of that operator's works.

Required for removal, pruning and works within the dripline of street vegetation within the General Natural Area.

The reasons for granting this controlled activity consent are as follows:

- (a) The application is for a controlled activity resource consent, as such only those matters over which council has reserved its control have been considered. In addition, conditions have been recommended only in relation to those matters.
- (b) In terms of section 104(1)(a) of the Resource Management Act 1991, any actual and potential effects on the environment by the proposal will be adequately avoided, remedied or mitigated by appropriate conditions of consent.

In particular, the following is noted:

- Where works occur within the dripline, appropriate methodologies as recommended within the Arboricultural Report and by conditions of consent, will ensure the long-term health and well-being of the vegetation, and allow for their continued presence within the environment.
- The vegetation required for removal is not considered to be a notable example of its species.
- The loss of vegetation will not detract from either the visual or landscape amenities associated with the wider locality due to its screened location behind other vegetation. This will help maintain the neighbourhood character that prevails and ensure that the neighbourhood's amenity values are not compromised.
- The removal of the subject vegetation in a controlled careful manner will ensure that any surrounding/adjacent vegetation is not damaged in the process.

- Vegetation alteration will not reduce the ability to create linkages between native vegetation, fauna habitats, or landforms.
- (c) In terms of section 104(1)(b) of the Resource Management Act 1991, would be consistent to the relevant Objectives and Policies of the Plan, and regard has been had to the relevant assessment criteria.
- (d) In terms of section 104(1)(c) of the Resource Management Act 1991, other relevant matters, including monitoring, have been considered in the determination of the application.
- (e) All of the matters where discretion is restricted are included in the Operative Plan. There are no new relevant matters that require consideration under the Proposed Auckland Unitary Plan.
- (f) Under section 125 of the Resource Management Act 1991, unless it is given effect to, a consent lapses either on the date that is specified in the consent or if no date is specified, five years after the date of commencement of the consent.
- A standard five-year period in which to give effect to a consent is not considered appropriate in relation to vegetation because a five-year period would allow a substantial change in the size and status of the vegetation due to natural growth, to the point where it should more appropriately be reassessed. As such, two years is considered appropriate.
- (g) The proposal would be consistent with Part II of the Resource Management Act 1991.
- (h) The proposal will be consistent with the purpose and objectives of the Waitakere Ranges Heritage Act and will not detract from the protection and enhancement of its heritage features for present and future generations.

Pursuant to section 108 of the RMA, this consent is granted subject to the following conditions:

#### **ACTIVITY IN ACCORDANCE WITH THE PLANS**

1. The activity shall be carried out in accordance with the plans and all information submitted with the application, and referenced by Council as LUC 2016-2110.

#### **TERM OF CONSENT**

2. This consent will lapse 2 years after the date of Council's decision unless the consent is given effect to or the Council decides to grant an extension to the period after which the consent lapses.

#### **VEGETATION ALTERATION**

3. All works pertaining to this resource consent shall be executed in accordance with the Arboricultural Report by Brydyn Melles for Treescape Ltd, dated 02<sup>nd</sup>

August 2016, **except where superseded or added to by the following conditions:**

4. A copy of this Resource Consent shall be held on site throughout the period of work.
5. The consent holder shall ensure:
  - All works beneath the dripline of protected trees/vegetation shall be undertaken in accordance with best Arboricultural practices.
  - Works should cease, and Council's Environmental Monitoring Inspector (EMI) contacted immediately, if during excavations and/or activities within or adjacent to the dripline of protected vegetation more than minor adverse effects to the health and well-being of protected vegetation are being generated.
  - Washings from concrete trucks and/or associated machinery, such as concrete pumps, shall not contaminate any area within or alongside protection vegetation (or which is likely to result in overland flows contaminating protected vegetation).
  - Where concrete is to be poured in excavations near to the dripline of any protected vegetation all exposed roots or cut roots shall be covered with heavy grade polythene sheeting (or equivalent waterproof membrane) prior to concrete pouring leaving a lip of 500mm to catch any concrete spillage. This shall be pinned in place, to prevent any contaminants contacting the exposed roots.
6. The Works Arborist shall document any work within the dripline/rootzone of all protected trees and keep a digital photo record.
7. Any pruning required shall be undertaken in accordance with accepted modern arboricultural practices.
8. Approved Kauri-Dieback Biosecurity Procedures are required to be followed on the full site for the duration of the works (for further information about the latest kauri dieback protocols please see: [www.kauridieback.co.nz](http://www.kauridieback.co.nz)).
9. The Works Arborist shall submit a final completion report to the Council's EMI within one month of completion of the works. The arboricultural report will include a statement on effects of the development on the tree/trees; that works were carried out in accordance with the Arboricultural Report including photographic evidence, and recommendations for any further remedial work to remedy any detrimental effects.

#### **Advice notes**

1. If you disagree with any of the above conditions, relating to the processing of the application you have a right of objection pursuant to section 357A of the RMA. Any objection must be made in writing to Council within 15 working days of notification of the decision.
2. Please read the conditions of this resource consent carefully and make sure that you understand all the conditions that have been imposed before commencing the development.

3. This resource consent will lapse two years after the date of Council's decision **unless:**
- (a) it is given effect to before the end of that period. To give effect to this consent, the activity allowed by this consent must be established and the conditions contained in the consent complied with. Please note that there must be compliance with all of the consent conditions once the land use has been established, or
  - (b) an application is made and granted prior to the expiry of that period for a time extension. The statutory considerations that apply to extensions are set out in section 125 of the RMA.
